## FOUR ROOMS FOR SAN MIGUEL SCHOOL OK'D BY BOARD

Approval of plans to construct four classrooms at San Miguel School headed actions of the Lemon Grove School Board Monday evening when a contract with Raymond Lee Eggers, architect was signed. Eggers drew plans for former additions at that school, which featured economy as well as durability. \$47,000 in Federal funds will be used in constructing the needed classrooms on the only site capable, under state regulation, of containing that number of pupils here whose parents are connected with Federal instrumentalities, said Business Manager Paul Reynolds. The rooms should be ready for occupancy by the second semester.

Following the bid openings, the Board let contracts for the purchase of gasoline and oil, and also for furniture and equipment for completed additions at the Junior High. A new GMC transit type bus, featuring safety and long term economy will be delivered to the district in approximately sixty days. The Board selected this type for transportation of elementary pupils because of the many blind corners, narrow streets, and other hazards along school routes. A total of four buses will transport pupils living beyond prescribed walking limits or in dangerous traffic areas to the five Lemon Grove schools.

After a public hearing of the 1955-56 school budget, previously adopted by the local board and approved by the County Superintendent's Office, the Board cleared routine business from the agenda. A contract with San Diego County will entitle Lemon Grove to \$500 which, with the matched funds, will finance next year's summer recreation program for boys and girls. The Board also authorized Mrs. Ellen Berdell's attendance at the County Child Study Leaders' Workshop, August 8 to 19, at Grossmont Union High School. Mrs. Berdell, a local teacher, will act as a leader in the Child Study Group here in the fall. Sponsored by County Schools, San Diego State College, and the University of Maryland, the study has proved valuable to many Lemon Grove teachers during the past four years.

The next meeting of the Board will be held Monday, 7:30 p.m., August 22 at the Lincoln Street Education Center.

## LETTERS TO THE EDITOR

Dear Editor:

During the past six years I have witnessed a variety of vehicle mishaps in the vicinity of Main and Pacific Sts., and extending along Main St. to Broadway. Two days ago, as I was walking past the Lemon Grove Hardware store, I heard a crash. I turned to find that a car parked diagonally facing the hardware store, had collided while backing out, with another automobile which was traveling south. The occupants of a street car were a young lady and three small children.

Fortunately, as far as I could discern, no personal bodily injuries were sustained by the occupants of either vehicle, although the element of psychic trauma in the nature of fright was unquestionably present, especially insofar as the children were concerned.

In this particular occurrence, as well as all the preceding accidents I had witnessed in the locality mentioned previously, responsibility or blame was not entirely determined or fixed by implicating one or both of the drivers. To my mind, rather, the more significant responsible was the existence of diagonal parking along a street which is so narrow, with this type of parking on both sides of the street that the traffic lane is hogtied and the parked vehicles are stationary, in that passing vehicles must maneuver precariously. I pay tribute to the thousands of drivers who managed to successfully navigate this dangerous stretch, and am sympathetic to those who have fallen victim to the perils of this strangled thoroughfare.

To add insult to injury, the numerous trucks serving the Shopping Center, for some questionable reason prefer to park on Main St., facing the store and allowing their bulky rears to protrude far out into the roadway, nearly completely blocking the street and forcing people to circle around their ends. In addition, they so completely block a driver's vision, that he cannot determine when another car is entering Main St. from Pacific and vice versa. As everyone knows, there is a wide area to the north side and the rear of this store which the trucks unloading might and should utilize, rather than usurp the street which is meant for moving traffic. To say the least, this constitutes an infringement on the rights of the citizenry, besides being a menace to their safety.

I wish to mention the fact that six years ago I willingly recognized the potential danger of parking diagonally on the west side of Main St., near Pacific, and proceeded to park parallel along the curb fronting my property just to the south of Pacific. Incidentally parallel parking is legally recognized and sanctioned in this area — diagonal parking is contrary to county and/or State rules, unless specifically authorized by proper authorities.

Soon after I commenced parking parallel and had offered a suggestion that the west side of Main St. between Broadway and Pacific should have the same type of parking, the accommodating highway department sent a crew of men here to plant "parallel parking" signs on Main St. between Pacific St. and Central Ave. — but not between Pacific and Broadway where they were much more urgently needed. This added further insult and peril to an already dangerous situation. It has been an awkward arrangement these past years, and the rationale of such a maneuver is to be speculated upon. When I inquired (six years ago) about extending the distribution of those signs to include the remainder of Main St. to Broadway, I was told that they "would get to it." In the meantime, accidents have been accumulating between Broadway and Pacific.

This morning I chatted with Mr. Tony Sonka, who was a passenger in the car that backed out of its diagonal position and collided with the passing automobile two days ago. He offered the comment that he thought I was right about the matter of parallel vs. diagonal parking on the West side of Main St. between Pacific and Broadway. I certainly do not take pride in the fact I finally received a response to my persistent with my opinion, after six years of intermittent persuasive suggestion directed toward Tony. I am still less flattered and perhaps disappointed, recognizing the fact that it was more Tony's proximity to disaster than by persuasive (?) oratory that was instrumental in gaining a convert to a reasonable concept.

Mr. Editor: Your article concerning blind intersections was quite timely, to say the least. May I mention others? As New Jersey detour ends at both ends and carries much traffic, we find at New Jersey and San Miguel, southeast corner, a board fence obscuring the west-bound traffic on San Miguel. At New Jersey and Federal we find an auto parked snugly into the northwest corner, completely blocking oncoming traffic from the west on Federal. The northwest corner of Roosevelt and New Jersey also sports a high hedge and shrubbery dimming all view from the west. Quite obviously people are unaware of these hazards.

Sincerely, H. E. Havens

Dear Editor: With your kind indulgence I should like to write another article on the important subject of Our Lemon Grove.

We have all heard many remarks on the state of affairs — the need for local government of some sort — the need of a clean-up, dress up — modernization campaign and other important things which have a bearing on the future of our area. We are being surrounded closer and closer as time goes on, by modern, new shopping areas, with beautiful streets, curbs, sidewalks etc., which all have a tendency to make our shopping area look even worse.

In the very near future, we will be paying one percent more sales tax and will do so knowing that only a small percentage of this estimated \$100,000.00 annual revenue will be spent in our area. The question is why?

With no representation (primarily interested in our area) there are so many improvements needed throughout the county, that only a small percentage of this revenue will be spent in our area. We could use a new library, a justice court building, a park and many other things.

On the question of local government again, even the tribes in deepest Africa have their leaders. Only in organized numbers do they attempt to survive.

Then there is the question of the new power rate raise. We as a thickly populated area should not be subjected to a higher rate than areas which are actually more distant from the source of power. This is another item of living costs heaped upon us and it's our own fault.

Of course there are many, many items which should be straightened out for the betterment of this community — but by whom?

Let us sit down together and study who we are, where we are and where we are going.

Join with many of your fellow residents as members of the Lemon Grove Booster's Club. Remember its your own town too and you should be willing to do your part in plotting the future of your town.

## LEMON GROVE EXPLOITED BY S. D. SAYS ASSEMBLYMAN HEGLAND

"It's to late to save Lemon Grove," Sheridan Hegland, this district's assemblyman, told the Lemon Grove Men's Club Friday.

"You have been exploited and robbed by the city of San Diego to the point where there isn't enough left to form your own government," he explained.

"There are strong lobbies in Sacramento, from in every cause, but there is none for unincorporated areas. There is a need for legislation to stop this kind of thievery," he added. "We have laws to protect school districts to a degree," he said.

He also explained his opposition to the one cent sales tax. "The League of California Cities supported the tax because it would force communities to annex or incorporate," he stated.

"Historically, taxes are used to raise money for governmental needs, he said. "This increased taxation is being invoked against certain groups (unincorporated areas) for money for social reforms. It would be just as reasonable to tax people who like base ball."

"California Supervisors Association and lobbies representing department stores worked for this tax, but it was the League of California Cities which actually forced it through. Here we see a tax supported agency pressuring through a social reform tax which has no connection with anything the League was set up to do."

The program this Friday has not been announced. Judge Luther Hussey is program chairman.

## The Dimmer VIEW

By MAX GOODWIN

No matter what you think of the commercialism on free television, the day is coming when you'll be required to pay.

Columbia Broadcasting System has put out an interesting little booklet in which they tell how they have assumed the position of leadership in a battle to oppose "pay" television.

Pay television will not be different from the regular, or "free" television except that it will be theoretically devoid of commercials. It will come on in regular channels but the picture will be scrambled like it is when your present set goes out of whack. There will be an electronic device in which you use key, or a card, the latter of which you will have paid money for. Only then will you be able to view that part of the television program that the "pay" promoters have purchased.

The Federal Communications Commission has the say on whether pay T. V. may come into existence. I personally hope they reject it because they will, in effect, be charging us for the use of channels of communication which we already own as public domain.

I offer that present T. V., good or bad depending upon your point of view, has been sold to us along with our T. V. sets on the basis that we'd get T. V. pictures and sound without additional cost. These sets, which practically everyone bought, cost almost as much as an auto did when Ford first popularized the "diver." Many of us bought because we were assured entertainment of a sort without paying "admission" charges.

I, for one, would become so angry that I would dispose of my set in the interest of keeping my blood pressure down. In the middle of a television evening, I should have to dig down for a half a buck to feed the meter, or suffer a blackout of the channel to which I was tuned. . . a channel which does not belong to a ballet show promoter, or a wrestling promoter, or the FCC, but which already belongs to me.

The promoters, according to CBS say that a better type of program could be offered at a very nominal viewing cost. . . and that they (the promoters) would be satisfied if they got merely \$100 a year out of the average family.

We'll be getting pay-TV before long I am certain. FCC is supposed to protect us working stiff and our channels of communications. . . but FCC is really an extension of our government. Nobody will deny that every element of our government seems to be set upon a trail without turn-backs where the taxpayer is tapped again and again. . . and for some mighty foolish things, too.

Of course, the television people themselves might summarily reject all pay-TV programs and let the FCC prove their case before the supreme court, but I guess the spirit of crusading has never left the newspaper field, where willed though it may be, it is still being cared for and nourished hopefully by some small and probably financially weak publications.

## COUPLE OF COFFEYS TAKE OVER POPULAR DINING SPOT

A couple with a name which fits their line of trade, Charles and Muriel Coffey, have taken over the Wright Way Cafe at 8129 Broadway and will operate it as Sis & Chuck's Dinner Bell Cafe.

Mrs. Coffey set up the room service system at the U. S. Grant Hotel in 1947. Chuck has operated restaurants in Southern California for the past 27 years with cafes in Santa Monica, Ocean Beach, Venice and Los Angeles.

The couple now operates a poultry and eggs ranch at Potrero and will supply their own needs with their own eggs. As a part of a perpetual policy, the restaurant will invite inspection of the kitchen at all times. A menu with a wide variety of choices will be changed daily.

Best food — cleanest conditions will be the couple's slogan, they said.

## CARR'S CORNER

The funny wee man who adorns this Corner is Mr. Do It Yourself. You can see his hammer and saw, if you have a good imagination. He represents the small Independent Hardwareman who is bent on doing his darndest to help you build or repair things as well as and as economically as can be done.

You see him in larger size in the Sat. Eve. Post and other magazines (and in our window) as the emblem of the Independent Hardwareman of America, an association of which we are the only Lemon Grove member, and whose collected lore is at your service when you call on us to serve you.

We have just finished stashing away our emergency stuff in the car trunk and feel snugly virtuous for doing the chore. Have you complied with this request of the Civil Defense Committee for evacuation? We don't want to appear too commercial but we do have very good and dependable can-openers, spoons, pocket knives, shovels, flashlights, and batteries. No blankets, beans or milk.

food, arms full of baseball bats, balls, gloves, and games of all sorts, and further equipped with loads of energy for tree climbing, running, and just plain fun.

At 6 o'clock the boys were ready for chow. The call was out and they came running from all directions to roast hot dogs, hamburgers, and marshmallows, and devour their share of punch.

After baskets were emptied and stomachs were full, Cubs and their Dads advanced on the ball field where the boys were divided into two teams, and an exciting ball game was played with mothers cheering from the sidelines.

When dusk fell, the Cubmaster, Robert Wilber, called the Pack Meeting to order. Mike Hinkleman, Dennis Bauer, and Robert Marshall were welcomed in as Bobcats, and Bobby Long was introduced as a transfer from a Cub Pack in Seal Beach. The following new Committee Members were presented: Mr. Wm. Sperling, Mr. and Mrs. Gerald Heath, Mr. and Mrs. Carl Hinkleman,

and Mrs. Mae Skinner.

The meeting was closed by Camp Fire Song led by the Pack Committee Chairman, Mr. C. W. Skinner.

The day ended with Taps being sung by Mrs. Alice Wilber, Den Mother of Den 1, and her Cub Scouts. Everyone went home tired but happy, looking forward to another Pack Picnic.

Mrs. Rogers does most of her shopping in Lemon Grove, some in El Cajon, but by-passing La Mesa since she got two tickets in that metropolis a year or more ago, one for overparking a few minutes and the other for traveling the wrong way on a one-way street that had been signed as such only the day before. ## ALLNESS OF SPIRIT CHRISTIAN SCIENCE LESSON

"The fruit of the Spirit is in all goodness and righteousness and truth," reads the Golden Text of the Lesson-Sermon on "Spirit" in all churches of Christ, Scientist, Sunday. (Ephesians 5: 9).

The prophet Isaiah says of the allness of Spirit, "Who hath directed the Spirit of the Lord, or being his counsellor hath taught him? ... All nations before him are as nothing; and they are counted to him less than nothing, and vanity. ... To whom then will ye liken me, or shall I be equal? saith the Holy One" (Isaiah 40:13, 17, 25).

## BEWARE OF CALCIUM DEFICIENCY

Calcium is more often deficient in the diet than any other mineral—and it is so easy to help protect from calcium deficiency by adding a few small Kai Tablets to the daily diet. Calcium is so necessary in repair of body tissues that a shortage of it contributes to your teeth, weak nails, nervousness, muscular cramps, low back ache, and a generally run down condition. Kai Tablets are rich in Calcium, Phosphorus, and Vitamin D, but that is not all—they furnish iron, iodine, and Vitamin B1 as an aid to your welfare in helping metabolism. Beware of Calcium Deficiency. Add Kai Tablets to your daily dietary calcium supply of calcium. Kai Tablets promote better development of the young, a higher norm of adult life, and the prime of life.

## \$3.95 FOR A HOLLYWOOD COLD WAVE

including  
SHAMPOO & HAIRSTYLE

### WHY PAY MORE

when you get a complete fabu-  
lous Hollywood Creme Cold Wave for only  
\$3.95 (contour modeled hair shaping with  
cold wave is \$1.00 extra). Too good to be  
true in these days of pinched budgets,  
isn't it? Why not plan now to visit your  
nearest Hollywood Beauty Shop — six of  
them, all at street floor locations, all spa-  
cious, artistic, scientifically lighted and im-  
maculately clean.

Hollywood Creme Cold Waves (tested by  
thousands) are effective for all types of  
hair — dry, fine, white, grey, the long or  
the short. There are none better and the  
story behind this fabulous Cold Wave is  
VERY important.

Realizing that the solution is the most im-  
portant factor in the field of cold waves  
and must consist of nothing but the finest  
ingredients, the solution used in this  
wonderful Hollywood Creme Cold Wave  
was developed by an expert after long re-  
search, and a day-by-day vigil is kept to  
assure it of improvements that will be had.  
this marvelous solution the finest to be had.  
Solutions MUST NEVER harm the hair or  
scalp!

Knowing how to apply the solution is of  
equal importance in giving you the finest  
wave, a Hollywood Cold Wave. Kenneth  
Priest, owner of the Hollywood Beauty  
Shops, emphatically states that a quality  
Cold Wave CAN NOT be accomplished by  
production line methods so at Hollywood,  
the patron receives the personal attention  
of one operator the entire time. Every  
operator is specifically trained in Hol-  
lywood methods and is not employed with  
less than five years experience. (A very as-  
suring factor).

Because of the high efficiency maintained  
in Hollywood Shops, there can be no shod-  
dy work or improper materials. Whatever  
type her hair may be, it will come out just  
curly enough, soft to the touch, springy,  
long lasting and natural looking.

## LESS BUSINESS TO BE VLM P.T.A. KEYNOTE

Less business and more listening pleasure are in store for members of the Vista La Mesa Parent-Teacher Association at meetings next season. This was the decision of the program planning committee when they met July 28th, at the home of Mrs. Ivan Arms, 3967 Massachusetts Ave.

Several new and different types of programs will be presented when the unit convenes again in September.

Business meetings will be kept as brief as possible. After each session artists and speakers will be presented by the program chairman, Mrs. J. M. Prince and Mrs. George Sherrod, Inspiration- al Chairman.

By presenting local music students and asking unit members, Vista La Mesa Students and teachers to participate in the programs the committee felt that they were enlarging their program possibilities and expanding their talent reservoir.

Highlights of the yearly program will be "Dad's Nite" in January, and the annual "Hobby Show" which will take place in April. Chairman of these events have not been announced.

The completed program will be presented to the executive board of the association for their approval and adoption at the board meeting in August.

"Leading Ladies" in the planning of the program were, Mrs. R. C. Alexander, president and Mrs. Ivan Arms, 1st vice president. Also assisting were Misses Edward Joerns, 3rd vice pres.; Harley Thurlund, 4th vice pres.; Wallace Simms, treasurer; J. M. Prince, music chairman; and J. D. McCaffrey, founder's day chairman.

Mr. Clarence Allen, principal, represented the faculty in the planning.

## U. S. Congress Grants Special Visa

Mrs. Marie D. Simon, 68 years old, a native of Armenia, received the glad news last week that she will be granted a special visa allowing her to remain in this country permanently.

Dr. Frank Gigliotti and the Evangelical Union of the Presbyterian Church have been working with Congressman Bob Wilson for three years to have this permanent visa granted. In 1950 Mrs. Simon came from Greece to visit her daughter, Mrs. Bart G. Baron, 9737 Summit, Grossmont. Shortly after her arrival Mrs. Simon's husband died in Greece, leaving her without relatives in her home. The Immigration laws are strict, and there seemed no way to avoid deporting the aged woman. At this point, the effort to have Congress enact special legislation began, and Congressman Wilson, aided by 17 U. S. Senators, friends of Dr. Gigliotti, helped pass the bill, which is before President Eisenhower and awaits his signature.

Mrs. Simon and her husband were among the 50,000 Armenian families that were banished by the Turks in 1919-1920. Only 800 families survived, and the Simons went to Greece.

Guerrero, leading classical record: "Ports of Call" by the Philadelphia Orchestra conducted by Eugene Ormandy. Top jazz platter: "Prez Meets Vice Prez" by Paul Quinichette.

If Looks Could Kill!... On location in Arizona for the filming of "Oklahoma," Oscar Hammerstein watched proceedings with a state trooper who finally turned to him and said: "You know, this ought to be a pretty good movie. But why are they using all this old music?"

Dis 'n Dat... The b.g. music for Eddie Arnold's "The Kentuckian" is by Hugo Winterhalter. Lee Kane, newcomer to the Capitol banner, has just released hit-song No. 1 for her, we hope, and that is entitled "Ev'ry Day."... Liberace's first cinematic flicker will be titled "Sincerely Yours," produced by Warner's. Eartha Kitt and Perez Prado can now be heard on Victor's "Sweet and Gentle."

DIES AT OWN WEDDING DANCE SUMMERSIDE, B. E. I.—Alyre Doucette, 24, was married to Marjorie Desroches in the village of South Rustic. That evening he carried her to his mother's home here for their wedding party. During the wedding dance, Doucette died of a heart attack.

## VERY THOUGHTFUL

SCHUYLKILL HAVEN, Pa. — An auto on a used car lot burst into flames, sounded its own horn to alert nearby residents, then slipped into gear and obligingly moved, under its own power, away from other cars on the lot. Firemen said the blaze apparently caused a short circuit, which not only caused the horn to blow, but somehow started the engine and put the car in gear.

Susie McBee, University of Southern California journalism student, who has been named this year's winner of the Edith A. Allan scholarship award presented annually by the California Newspaper Publishers Association.

Susie McBee of Los Angeles, with one year remaining before her graduation from the journalism school at University of Southern California, has been declared winner of the Edith A. Allan scholarship award presented annually by the California Newspaper Publishers Association.

A member of Phi Beta Kappa, national scholastic fraternity, Miss McBee will serve during the last semester as editor of the student Daily Trojan, an honor rarely go to a girl. Miss McBee was nominated for the CNPA scholarship by John H. McCoy, director of the journalism department.

Each of the universities in the state with accredited departments of journalism is entitled to nominate one girl student for the scholarship of \$500 to be applied to the winner's senior year of study.

Last year the winner was Alma Kahre of University of California.

The nominees are interviewed and judged by a CNPA scholarship committee comprising past presidents of this statewide association, one weekly and daily newspapers. Announcing Miss McBee as the winner this year was Justus F. Crater of the San Rafael Independent-Journal, chairman of the committee.

The \$500 each year comes from a fund established six years ago from contributions made by CNPA newspaper publishers. The scholarship is named after the late Miss Edith R. Allan who served for many years as manager of the Los Angeles office of CNPA.

General Manager John B. Long of CNPA has announced that the other nominees for the 1955 scholarship were Tacy Ann Smith of Stanford University and Marilyn Jacobson of University of California. Nominees each year usually are the outstanding girl students of the junior classes of their respective universities.

### Right of Way Park

#### Being Extended Northward

The extension of the lawn on the west side of the Railroad track will add materially to the beautification of the street. A sprinkling system and lights are being installed in the recently placed top soil, and soon a beautiful vista of green will delight the eyes of passers-by. This is being sponsored by the Lemon Grove Business Woman's League, who have installed the improvement along the track, and the crosswalks. This organization of Lemon Grove Women has some 60 members, and is responsible for many improvements of a civic nature.

The Chamber of Commerce has recently been granted a lease of the land along the right of way for a year for \$100. The granting of crossings of Railroad right-of-way is serious business with rail-roads, and the two crossings sponsored by the Women's League required a deal of

correspondence.

The maintenance of the parking lawn costs about \$100 per month, which is donated by various business firms in the Grove.

#### CARD PARTY SET FOR SATURDAY

The scholarship committee of the San Diego Branch of the American Association of University Women will sponsor a benefit dessert bridge and canasta party at 1 p.m., Saturday, at the AAUW club house, Front and Juniper.

The proceeds will be used to support the Gertrude Sumption Bell Scholarship. This scholarship is awarded each fall to an Upper Division woman student at San Diego State College.

It is given in memory of the late Dr. Bell, who for many years was head of the psychology department at San Diego State and an honorary member of the San Diego Branch of AAUW. The recipient is usually a girl majoring in psychology or guidance.

Mrs. W. W. McCrory, who is scholarship committee chairman for the coming year, is taking reservations. Prizes for each table are to be exotic jams and jellies in centerpiece vases.

### Barber Shops to Close Mondays

Starting August 1st, barber shops in Lemon Grove area will be closed on Mondays, thus giving the barbers a five-day week. The 12 barber shops in this area were a unit in the action taken. This movement for Monday closing of shops is Nation-wide and has been spreading for more than a year, with seeming satisfaction to all concerned, according to Bill Dean, who is strong for it. "Gives us a nice week-end every week," Bill says. Remember when shops stayed open until 7 p.m., and Saturday nights 'til 12, and once-over shaves were 10 cents? Them days are gone forever."
